Matter

The INS Department of Propaganda has noted your intentions regarding the publication of documents previously released to the public. All INS propaganda may be freely distributed, distorted, appropriated or adapted as the reader sees fit. Accordingly, while every appropriate assistance will be provided, your project cannot be authorised or authenticated by the INS.

The INS recognises your rigorous approach to collecting the documents from scattered locations, camouflaging, correcting and distributing them again, and trusts it will be fittingly received.
